ROCK SPRINGS COUNCIL RECOMMENDATIONS

Two separate meetings were held by the Housing Authority to encourage input for the 2003 Annual Plan on February 5, 2003. The Housing Authority met with the then existing Resident Council and other members of the housing units at 5:00 p.m. at the Housing Office located at 233 C Street, Rock Springs, Wyoming. At that time the Council and the residents assisted the Housing Authority in the development of a proposed Annual Plan for 2003. It was agreed that a siding project for Thompson Heights, which was partially funded in the 2002 Plan should be additionally funded in the 2003 Annual Plan. It was also decided that because of costs the siding at Century Square would need to be postponed for the time being. The Council and Residents were shown architectural plans and it was decided that the Thompson project would be started in Mayo or June of 2003. It was also decided that allocations should again be made for a maintenance individual, a resident coordinator and resident managers. The Resident Council agreed that additional landscaping, concrete work, roofing repairs, plumbing work and installation of linoleum in the apartments were necessary. They also suggested that money be allocated for additional A & E services and the purchase of a new copier.

The Council and residents also suggested that the Housing Authority replace the sand in the playgrounds at Thompson Heights, Century Square and Plaza Court and were told that money allocated for landscaping could be used for this project in the Spring of 2003. There was a request to place speed bumps at the units to help reduce speeding and it was explained that City policy would no longer allow their installation, but the Housing Authority would contact the engineering department about possibly installing valley gutters.

On April 10, 2003 a public hearing was held at 7:00 P.M. at the Housing Office. The hearing was attended by the staff of the Housing Authority, the Resident Council and several residents. Again the 2003 Capital plan allocations were discussed and agreed upon by the Council and Residents. At this time they did have one additional request to have overhead lights installed in the bedrooms at Plaza. The Authority informed the Council and Residents that this had been discussed with electricians in the past and the costs of such a project would, at least for the present time be prohibited but will be considered in later years.

The Council was also given copies of the 2003 Operation Budget which they reviewed and approved.

VOLUNTARY CONVERSION**

The Rock Springs Housing Authority again did an assessment of the feasibility of converting its one-hundred (100) units of public housing to tenant based assistance and again concluded that at the present time the conversion would still be inappropriate. The factors which influenced this decision were similar to the ones made in 2002. Information from local realtors and a study of the local housing market indicate there is not an adequate number of units available in the area for tenant based assistance. It was also apparent that much of the available privately owned housing does not meet the standards set by HUD for tenant-based assistance. Finally there is no indication that any new privately owned apartment construction will be available in the very near future. The Housing Authority will continue to monitor this situation and take appropriate action if circumstances change in the future.

ATTACHMENT H PROGRESS REPORT

The Housing Authority has undertaken projects in the years 2000 and 2001 to fulfill our mission of promoting adequate and affordable housing in a suitable living environment free from discrimination. Since 2000 the Housing Authority has amended our leases, grievance policies, admission and occupancy policy, administrative plan, established a pet policy, entered into a Memorandum of Agreement with the Rock Springs Police Department, a Memorandum of Understanding with the Department of Family Services and secured a ROSS grant for our residents.

The PHA has also made significant expenditures in making our public housing a suitable living environment. With our 2000 Capital Funds we completed electrical and plumbing work, improved our parking lots, repaired roofs, replaced concrete, fenced a playground, painted apartments and hired seasonable maintenance personnel. The Housing Authority also used funds to hire a resident coordinator and an additional maintenance person. Resident managers were hired and resident and staff training was completed. The Housing Authority also put in a bicycle path, replaced doors, replaced furnaces and replaced gutters.

With our 2001 Capital Funds we also made significant steps toward meeting our goals and mission. Funding for a maintenance person was continued. We also continue to pay Resident Managers at each site a stipend to take care of grounds and promote activities of the resident council. Funds for resident and staff training was also continued. We have also completed the first phase of our concrete work and landscaping work has started at all of the complexes. We have completed the installation of carpeting at all units.

Again in 2003, Capital funds were used to achieve our goals and missions. Funding for a maintenance person, a resident coordinator and resident managers was continued. Money was also spent for resident and staff training. Funds were obligated for architectural and engineering services for our siding project and funds will be obligated for the siding of Thompson Heights in the next month. The Housing Authority completed the installation of furnaces at Thompson Heights and carbon dioxide detectors were placed in all 100 units.

Capital funds were also used to replace concrete, seal parking lots, landscape and work on irrigation systems.

The Housing Authority also intends to begin the relocation of ceiling fans within the next month.
